DRINK OPTIONS

CASH BAR:

Guests are responsible for paying for their own drinks.

OPEN BAR:

The party will provide all drinks. You may also set a dollar amount of what you would like to spend.

LIMITED OPEN BAR:

The party will provide limited drinks. You may limit your party on what they are able to order. For example: you may offer only domestic drafts, house wine, and well liquors.

DRINK TICKETS:

If you would like to provide a set number of drinks for your guest it is easiest to use drink tickets. For example: if you wanted to buy two drinks for each guest then they would receive 2 tickets upon arrival. When ordering the drink the guest hands in the ticket and only those drinks would go on the tab.

DESSERTS:

You are able to bring in your own cake for special events. We just ask that you bring your own disposable small plates and forks. We can provide a cake table and cake knife upon request. Other desserts will be available upon the party's request.
